

Good Neighbourly Relations Committee

Update on work on the Jacques Cartier Bridge
(Montreal sector)

September 26, 2017

Good Neighbourly Relations Committee

Agenda

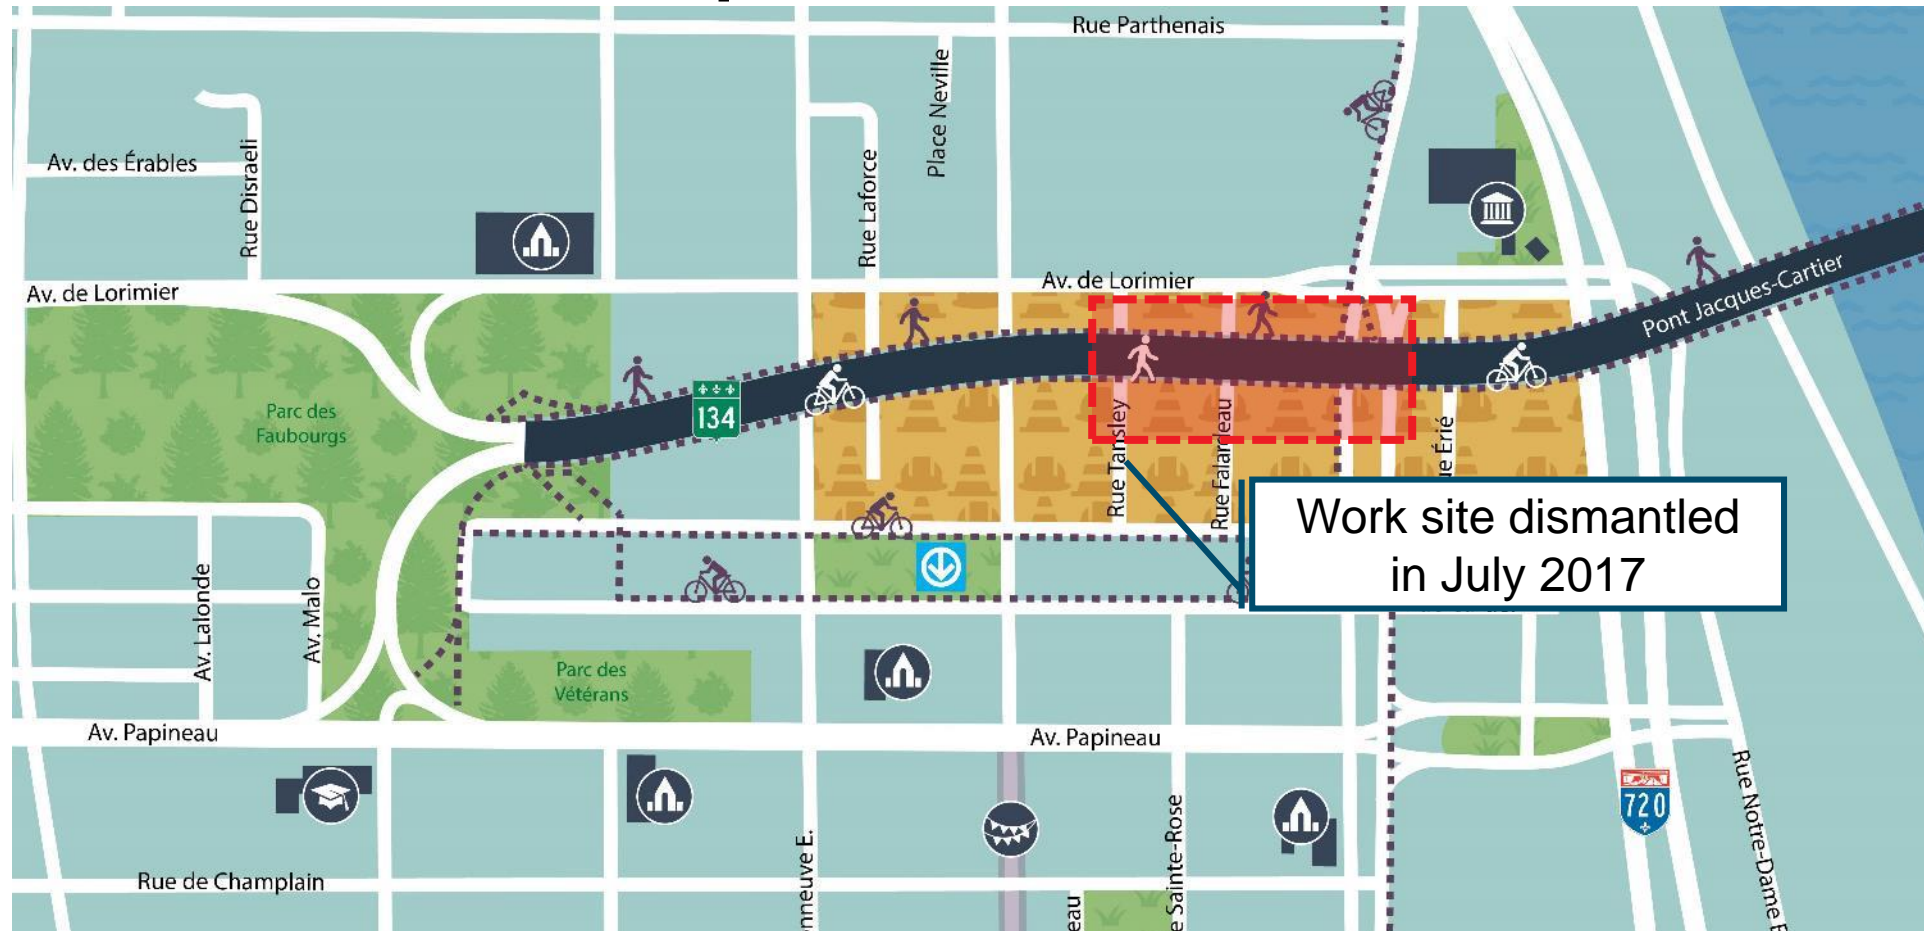

- + Work completed and in progress
- + Compensatory measures
- + New mitigation measures
- + Upcoming work
- + Discussion period
- + Updates on partnerships
- + Next meeting

Phase 1 of the steel work

100% of the work is complete

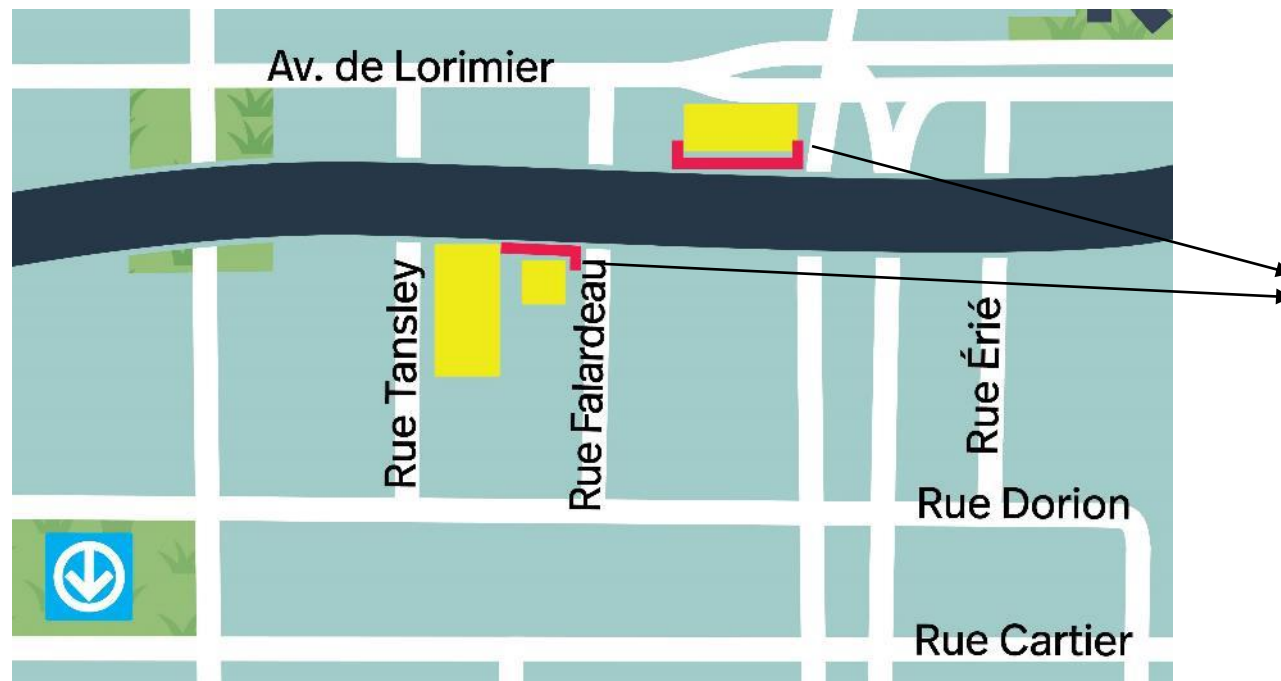

Temporary compensatory measures

Fences will be installed over the next few weeks

- + The contract was just awarded in the past few days
- + The installation will be finished over the coming weeks

Management of planned work

Comments from previous projects

- + Hammering noise
- + Work schedule
- + Dust from the work

Planned mitigation measures

- + Soundproofing wrap over equipment that vibrates
- + Temporary acoustic panels / acoustic enclosures
- + Noise monitoring plan with the contractor
- + Ongoing optimization of work schedules (noisy work planned during the day)
- + Use of tools with noise reducers

Steel work 2017-2019

Work – Pedestrians and Cyclists

Sidewalk up to Longueuil will reopen soon

Installation of a staircase to access the sidewalk

- + On De Maisonneuve, near the service station
- + Opening scheduled for spring 2018
- + Directional signs for pedestrians
- + Closure of current sidewalk access
- + Pedestrian tunnel under the bridge will continue to be closed

Redevelopment of the cyclist access to the bridge

- + Creation of a single cyclist access point at the intersection of Dorion and Confiseurs in spring/summer 2018
- + Vegetation will be planted at the closed access points

Preliminary drawing of the stairs on De Maisonneuve

Work affecting pedestrian and cyclist traffic

- + Some work will lead to partial closures of the multipurpose path and complete closures of the sidewalk
 - Replacement of guardrails – winter 2017 to summer 2018
 - Painting and steel work in various sections – fall 2017 to winter 2021
 - Installation of ducts and fibre optics – spring 2018 to summer 2019
- + Goal to maintain bicycle and pedestrian path open during the day
 - Optimize night closures
- + Pilot project to keep the multipurpose path open this winter
 - Sidewalk and multipurpose path closed

III Development work

Levelling and paving of the deck and approaches

- + Planned completion in 2019

Creation of an urban park under the bridge

- + Planned completion in 2020
- + Project in the planning stage
- + Revised plans will be issued in the future

Preliminary sketch from the prefeasibility study

Discussion period

III Partnership with Spectre de rue

Promote social integration and help everyone get along

- + Street teams and community teams deployed in the area
- + A street worker is creating ties with the community
- + Training of JCCBI field staff
- + Urgent situations must be reported to the SPVM
- + You can call JCCBI or Spectre de rue if you see homeless people occupying public spaces

Pilot project: Mobile container collection site

- + Mondays from 8:00 a.m. to 3:00 p.m. at the corner of De Maisonneuve and De Lorimier (from July to September 2017)
- + A new container collection site for people in the sector who have reduced mobility
- + Meeting with new Les Valoristes to understand their profile and needs in order to provide adapted services and help reduce the risk of homelessness
- + 275,000 returnable containers collected and \$20,000 received in bottle and can deposits (before the last collection)
